

On August 9, 2008 we received a letter from the FEC referring to Amended 12 Day Pre-Primary Report (4/1/08-4/30/08) concerning a Schedule D amount of \$4743.55 owed to Oregon Right to Life for 'Printing extended mailing--newsletter' and 'Postage extended mailing--newsletter.' This was a budgeted amount owed by the PAC for a page in Oregon Right to Life's bi-monthly newsletter. The page contains general information such as polls & surveys and get out the vote information. This was not for the purpose of influencing any federal election and was not sent to the general public.
